

Parents' Forum - 6 July 2011

Staff Present – Mr D Read, Mr J Jones, Mrs S Mallison

1 Scalby School Life Programme

In response to a parental request, Mrs Mallison gave a presentation to illustrate what is covered by the “Life” curriculum. A copy of her presentation is attached. The presentation illustrated the important nature of the work the Life team does, as well as the long-term benefits to students of dealing with this subject matter.

Both Mr Read and Mr Jones commented on what a high quality and creative subject “Life” is, as highlighted by the Local Authority in recent reviews. There were no questions from the parents present.

2 The new Vision and Values for Scalby School

Mr Read outlined the new vision and values that the school will be working towards in the next stage of its development. A copy of his presentation is attached. He also outlined the process of developing these, in terms of how consultation with students, parents and staff was a key part of him coming to understand what Scalby School is about. These views heavily informed the new vision and values. Mr Read also asked the parents present for their views regarding the new vision and values and the reasons behind the changes, and, from the comments made, the consensus from parents was a positive one.

The meeting closed at 8.30pm.

Next meeting – to be confirmed.

Any parent wishing to suggest an agenda item for consideration should contact Mr Read at D.Read@scalbyschool.org.uk.
