

SCALBY SCHOOL

BEING THE BEST **WE CAN BE**

A LEARNING COMMUNITY

“*Being at Scalby over the last five years has improved my confidence immensely. I think this is because of the great staff support and the fact that they constantly try and push you to be the best you can be. I have, as a result, grown so much over the past few years. Becoming Head Girl is testament to this and has allowed me to show the skills I have developed here.*”

Megan Ward, Head Girl

Welcome to Scalby School, where students are known and cared for as individuals within a happy, pleasant learning environment.

We have a strong academic focus and aim to be outstanding in all we do. Learning how to be even better is as important for our staff as for our students, which is what makes Scalby such a vibrant learning community and renowned for its high standard of teaching and learning.

Starting at secondary school can be daunting, but we're a community where new members settle in quickly and soon feel at home. The whole school is set on one friendly site and our students can focus on their lessons in pleasant, well-equipped buildings.

We take our role as community members very seriously – not only in terms of Scalby School, but also as citizens of Scarborough, and of the world. Our students are encouraged to get involved with fundraising activities both of a local and international nature.

We have strong ties to our partner primaries and their pupils visit us to enjoy a range of different experiences which, in turn, help them to acclimatise to life at secondary school. At the other end of the learning journey, we have established close links with providers of Higher Education and the local business community to ensure a smooth transition through to the next stage of our students' careers.

“*Students have positive attitudes to learning and to their school.*”

Ofsted

“ I have thoroughly enjoyed my first year at Scalby School as I have made lots of new friends and had a welcoming start. ”

Year 7 student

AN EDUCATION IN THE BROADEST SENSE

We strongly believe that education is about so much more than examination results.

Our aim is to provide a broad, engaging and challenging curriculum to all our students and supplement this with an extensive programme of academic, sporting and cultural extra-curricular activities. We want our students to enjoy their time here and to grow in terms of their knowledge, skills and personal confidence, so they leave school as valuable members of the community.

We bring our students' education to life through school excursions across the globe, sport, the Duke of Edinburgh's Award and school productions. In recent years, we have taken our students to France, Belgium, Holland, India, Italy and Switzerland, and excelled in the fields of football, netball, basketball, cricket and cross-country. We also have a strong reputation for Performing Arts, with school productions held at the internationally-renowned Stephen Joseph Theatre to sell-out audiences. And this is just a small taster of what we have on offer.

Our clubs and societies provide a wide range of academic, vocational and recreational experiences. There really is something to capture the imagination of every student – choices include World Challenge, Book Club, Creative Craft, Digital Leaders and those more closely linked to subject areas.

A PLACE OF AMBITION

We are ambitious for all our students and all our members of staff. Our mantra is 'being the best we can be'.

We believe an important part of our role is to improve students' life chances. This is a responsibility we share with parents and we're very keen to work together to support your child's journey through the school and onwards, on whichever path they choose. Members of staff are always available to provide advice, support and guidance to each student and help them rise to their individual challenges.

A place to grow leaders and for leaders to grow

Leadership is encouraged at all levels, and our mission is to nurture the leaders of tomorrow through the experiences we provide today. We promote the development of leadership qualities among students by nurturing self-awareness, responsibility and a sense of challenge. Our Student Voice structure, with representatives in every form, also provides students with a say in how the school develops and the opportunity to serve as Head Boy or Head Girl at either Key Stage 3 or Key Stage 4.

“ Being Head Boy has helped me grow and develop in many different ways. It has shown me how to be an effective leader and team member. ”

Alex Dixon, Head Boy

“ Scalby School gave me the opportunity to manage my own future and be an independent learner. It has helped me become my own person and expanded my horizons. ”

Alice Mynard,
former student
